

Substitute for form 1449A/PTO	ATTORNEY'S DKT NO. 003300-782	APPLICATION No. 09/856,576
	INFORMATION DISCLOSURE STATEMENT BY APPLICANT	
	APPLICANT Peter Eriksson	
	FILING DATE July 13, 2001	Group 4614 1647

	Neuroscience, Vol. 61, No. 2, H.A. Cameron et al. "Adult Neurogenesis is Regulated by Adrenal Steroids in the Dentate Gyrus", pgs 203-209. (1994)		
	Neuroscience Vol. 82, No. 2, H.A. Cameron et al., "Adrenal Steroids and N-Methyl-D-Aspartate Receptor Activation Regulate Neurogenesis in The Dentate Gyrus of Adult Rats Through A Common Pathway", pgs. 349-354. (1998)		
	Letters to Nature, October 17, 1996, Vol. 383, Janna O. Suhonen et al., "Differentiation of adult Hippocampus-rived progenitors into olfactory neurons in vivo", pgs. 624-627.		
	Letters to Nature "More hippocampal neurons in adult mice living in an enriched environment" Gerd Kempermann et al., pgs 493-495. (1997)		
	J. Comp. Neur. 124, Joseph Altman et al., "autoradiographic and Hitological Evidence of Postnatal Hippocampal Neurogenesis in Rats, pgs. 319-335 (1965).
